# MEMORIAL DAY

## DEAR READER News Editorials

### Why Not Stay at Home on Memorial Day?

There is a general tendency come any holiday such as Memorial Day or the Fourth of July or even Labor Day to get out the family car and tear off to some place for a rest, a swim, a visit with friends—you name it.

While we have no objection to visiting friends or relatives, or even going a 100 miles or more to see something new and/or different, it is our thought that perhaps one day of the "big three" might be set aside to stay at home and enjoy your home town.

Memorial day might be just the day of the year to do this. There will be plenty doing in your home town on that day with the opening of the Antioch Aqua Center swimming pool, parades in many of the communities, ceremonies honoring the dead, a good movie to see at the theatre, a picnic in the park or in the back yard, etc., etc.

A "visit" at home instead of going elsewhere would accomplish one thing if nothing else—it would mean one less car on the busy highways.

Why not stay home and become better acquainted with your own family, your neighbors, your community and yourself?

## DEAR EDITOR Your Letters

To The Editor

The Antioch News  
Antioch, Illinois

Dear Editor

Please print this, it being in regards to the letter you printed in recent weeks about a complaint on the Go-Kart track.

I'm sure Antioch could have had lots of other sports of which they're sorry now they didn't get, but I feel this one is very important to you and me and everyone in this community.

First of all this is not commercial. It was not planned that way at all.

In recent weeks, no doubt our chief of Police and the Sheriff's office have had many complaints about youngsters being on the streets in these Go-Karts. There are about 35 of them in the village and surrounding area alone. A few of these karts are the faster ones, sometimes called race karts. These are owned by the adult members of the club and are transported to Rockford and other areas for racing. But what about the kids who need a place to run their karts and have no transportation?

With ourselves and the youngsters in mind we set out to build a track close by where even the lads with no transportation could get their karts there easily.

At this track there would be insurance protection, rules and regulations to go by, and adult supervision. Last but not least, a safe place to get these karts off the streets and let them run.

Besides this there are a number of people who get a kick out of seeing these karts go.

It's true it would cause a little more traffic but this property is zoned for industrial use and a manufacturing plant would cause many times the traffic problem that this small track will create.

At this day and age how can one complain about the noise from these karts when trains are going by, in some cases only a few yards away, jets are flying overhead, and motorboats just a short distance away. As for the aroma of barbecued chicken and exhaust fumes mixed, only a few put that kind of a price on their chicken.

We think most things could be worked out satisfactorily if the club were given a chance.

Is it to be the buzzing sound a few hours on Wednesday evening and Sunday afternoons, or the wailing of sirens calling volunteers in to go out and pick up some child that

rode in the street and when he met a car had no place to go. If the latter happens (pray with me that it doesn't, but it does every day in other parts of the US) it's going to be good for the drug business because a few people are going to need a lot of sleeping pills.

I'm sure after something like this we could get plenty of support, but won't you weigh your complaints now. If we move 8 or 10 miles out it's not going to help your conscience.

Thanking you for reading this.

Sincerely yours,

Bi-State Go-Kart Club.

Antioch News,  
Antioch, Illinois

Dear Editor:

As the Memorial day week-end approaches, I am seeking the aid of all motorists and pedestrians to lend their assistance and help reduce traffic accidents during the holidays.

This can be done by paying close attention to traffic laws and by observing speed limits.

I am doubling my uniform patrols over this holiday and they will be instructed to be on the alert for violators. We will be especially watching for the drunken driver.

Also, the unthinking driver who recklessly careens down a highway at the wheel of a speeding car, disregarding entirely, the rights, the property and lives of his fellowman. He is no longer by any stretch of the imagination, a reputable citizen.

I would like to point out six most important things, for you as motorists, to remember about driving:

1. Learn to know your automobile and what you can expect from it.

2. Act grown-up when you drive—don't be a show-off.

3. Drive sensibly, with consideration and courtesy for others, at all times.

4. Try to cultivate skill in handling the car you drive.

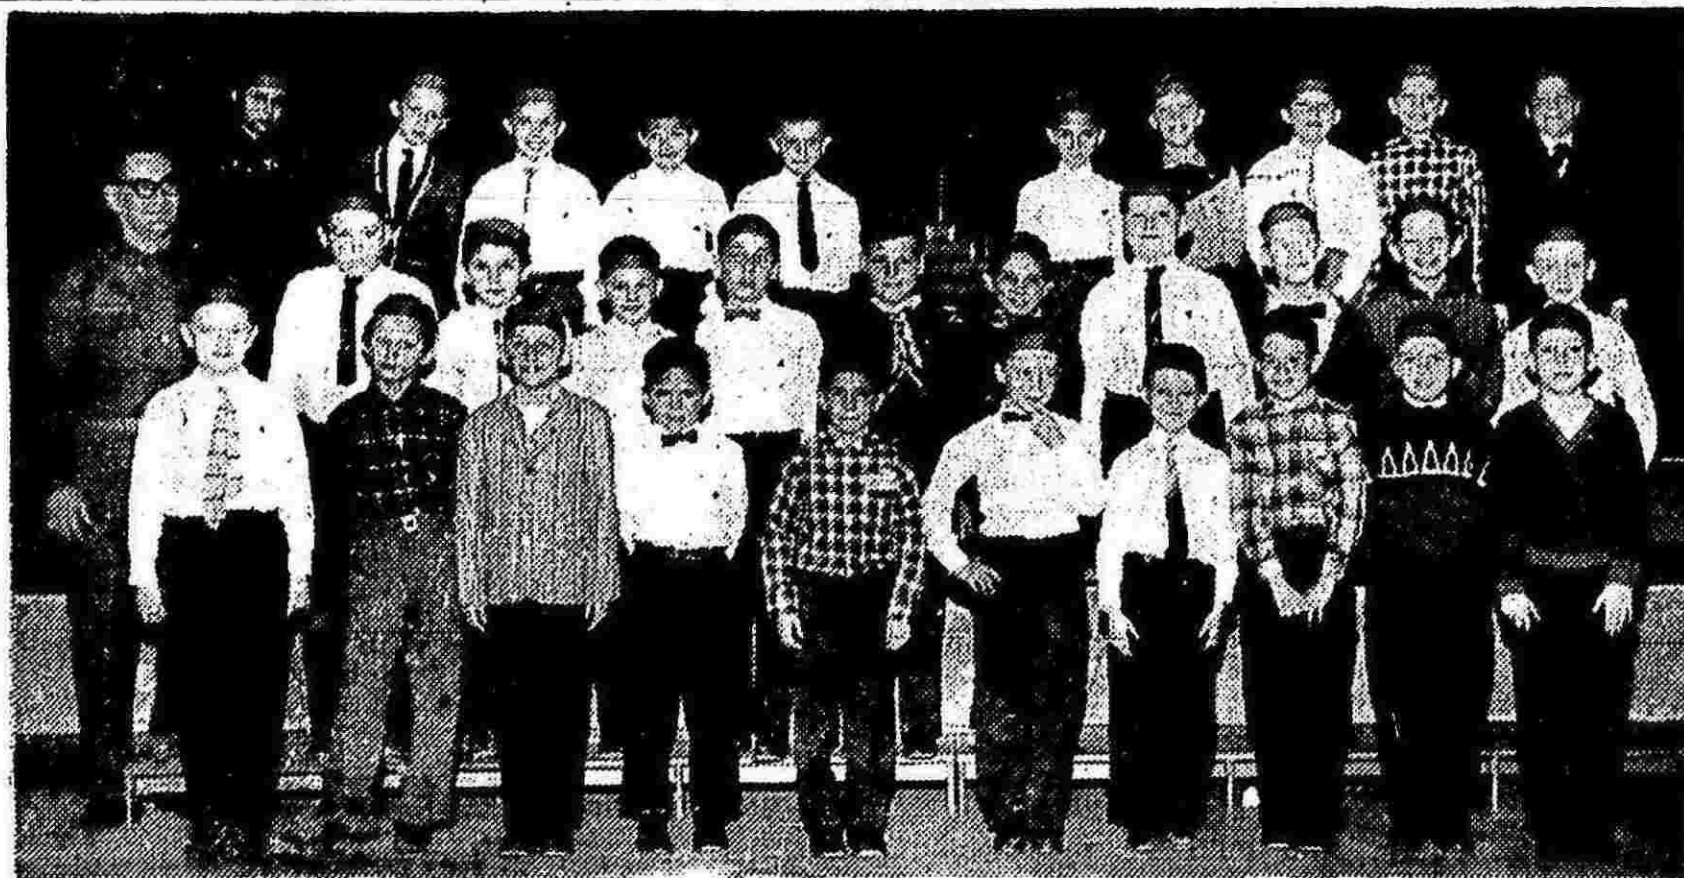

5. Cooperate with your fellow-drivers and the police.

6. And so important: Keep yourself in good physical condition.

The driver who commands the respect of his friends is the driver who takes pride in his method of applying brakes.

The Lake county sheriff's office will do everything in its power to help make this a safe holiday—we need your cooperation!!!

Sheriff Norris Froelich

## NOW LOOK WHAT CORVAIR'S GONE AND DONE!

The same Corvair that tallied a thumping 27.03 miles per gallon\* in the Mobilgas Economy Run... went right on to climb Pikes Peak earlier in the spring than any car has ever tried!

We wanted to show you what the fabulous traction of Corvair's rear-engine design and the sure-footedness of four-wheel independent suspension really mean. So the identical Economy Run car went right on to 14,110-foot Pikes Peak—and right up to the top of that savage mountain, on April 15, still deep in winter's snow and ice. No other car—ever specially equipped—had ever been able to conquer that nightmare alpine road so early in the spring. But Corvair (with United States Auto Club officials aboard to certify that not one nut or bolt was changed) purred right to the summit without chains or even snow tires! That just underscores the fact that Corvair is totally unique. But you'll find that out the first five minutes you're at the wheel!

## Pair of Deer Seen in Area

Deer were appearing in pairs in the Grass Lake road district last Thursday—or so two families told the Antioch News.

Mr. and Mrs. K. W. Hawkins of Circle avenue in that district and Mr. and Mrs. George Gorski of route 1 in the Grass Lake road area were those who reported seeing the four-legged animals.

Mr. Gorski said the deer appeared in the back yard of their property near the Grass Lake Lumber company yard. The pair were walking near a fence along the road, hesitated near the Grass Lake road and then turned into the woods.

He called Mrs. Gorski to the window to see the animals, the first they have seen in the area, he said.

When they opened a window to obtain a better look, the deer went into the woods near the Gorski home. They were seen just before 7 a.m. last Thursday, May 19.

He described them as "good sized" but Mr. Gorski could not tell whether they were males or females. He said he could not see any antlers on either of the deer.

Gorski said last year Bill Dunworth who lives near the Gorskis saw some deer nearby.

The Hawkins told the Antioch News the deer they saw Thursday morning were on their property near the lake and a spring.

## Mrs. Robert Lubkeman Heads Publicity Drive

Mrs. Robert C. Lubkeman of route 4, box 299, Antioch, is publicity chairman in Lake county for the United Cerebral Palsy of Greater Chicago and is Antioch representative of the executive committee of the cerebral palsy council.

Lake county fund drive marchers collected \$22,309.72 to date as compared to a total of \$14,179.01 last year, Mrs. Lubkeman said. It was the most successful such drive in Lake county history, leaders said.

Rep. William J. Murphy of Antioch is a member of the new ad-Cerebral palsy organization, as is W. C. Petty, also of Antioch, county W. C. Petty, also of Antioch, county superintendent of schools.

## Co. Health Department Office in Libertyville

The West Lake county sub-office of the Lake county health department will be opened at 330 No. Milwaukee Avenue, Libertyville, on June 1.

Two additional sanitarians are to be employed during the summer. The department is also recruiting trained public health nurses.

After June 1 all individual sewage disposal permits will be handled through the West Lake county office.

Office hours will be 8:30 a. m. to 5 p. m., Monday through Friday, and 8:30 a. m. to noon Saturday.

## 'Fun Fair' Was Financial Success, Channel Lake School PTA Reports

By Mrs. Pearl Kapell  
Phone Antioch 1837

CHANNEL LAKE—The last meeting of the P.T.A. for this school year at the Channel Lake school heard President Eloise Wittleder announce that the net profit from the fun fair was \$130.15.

Forty dollars of this will be used to purchase books for the school library. A sum will be set aside in a special fund to buy needed equipment for the school.

This purchase will be delayed until the result of the coming referendum to build a gym is known.

It also was announced that the school picnic this year will be held on June 7, at the Happy Acres ranch on Route 173 at the Fox river. The picnic has been held at Fox River park in past years.

Joint chairmen of the committee on picnic plans are Betty Hameau and Lillian Voskuil.

An interesting report on curriculum study was given by Grace Amendola and Dorothy Karczewski.

Officers for next year were installed by past president Kay Lasco. A corsage was presented to each officer. They are:

President, Eloise Wittleder; vice president, Mary Bierman; treasurer, Doris Meierdick; secretary, Dolores Eckert; historian, Lillian Voskuil, and parliamentarian, Jean Soby.

Mrs. Soby was elected after a letter of resignation from Jean Buell had been read.

A corsage also was presented to the mother present who had the most children. Ellen Stankus was recipient of this.

Two films on water safety were shown—a Red Cross movie showing techniques of life-saving, and a film from Johnson Motors showing safety principles in boat-handling.

Refreshments were served by room mothers of the first-grade room. Next P.T.A. meeting will be in September.

Mrs. Lee Franks, Channel Lake Bluffs, really believes in growing up with her children. Her children (like many others in the area) have had measles recently. Not to be outdone, Jean broke out in measles herself last week.

Probably a good many mothers, whose children are confined to the house by measles wish they could break out in something. Hysterics, maybe?

Dorothy Karczewski and Grace Amendola, teachers at Channel Lake school, attended a meeting on curriculum study at Grayslake on May 18.

## Name Editors Of Hi School Publications

Antioch Township high school officials have announced the appointment of editors for the 1960-61 school year for both "The Tom-Tom," the school newspaper, and "The Sequoia," the annual.

Tom-Tom editors named were Karen Lightsey and Barbara Stokes, co-editors; Joe Etten, sports; Dan Conrad, feature; Loretta D'Abaldo, News; Pat Papiese, Business Manager; and Kay Knigge, Photo editor.

Sequoia people are Diane Jaros and Nancy Cribb, co-editors; Dan Conrad, layout editor; Sharon Langbein, picture editor; Dee Stillson, literary editor; and Brian Hay business manager.

Lawrence Eggleston, sponsor of the two publications, reports that work has already begun for next year.

Both staffs are aiming for new standards of excellence and originality in their 1960-61 journalistic endeavors.

Cub Scouts of Pack 86 will have their last indoor pack meeting of the season at the Channel Lake school on May 27. Plans for summer pack meetings will be made at this time, and a show entitled "Show Boat" will be presented.

Mr. and Mrs. Donald Heath are parents of a contender for the heavyweight title, Timothy Vern, born May 8 in Victory Memorial hospital. Timothy weighed eight pounds, 11 ounces at birth. He is the Heaths' first child.

The board of Education of Channel Lake school met on May 17. After disposing of the regular business, the board discussed plans for the gym which it hopes to build.

The Harry Dowell family spent May 15 and 16 at the Harold Dowell home in Berlin, Wis.

Members of the safety patrol at Channel Lake school attended a picnic for patrol members from this area at Belvidere park in Waukegan. Rain throughout most of the day dampened the festivities. Mrs. Marie Hucker and Mrs. Shirley Kaletch accompanied the young people to the picnic and provided transportation for them.

Members of the patrol who attended were Marjorie Bartley, Caroline Lasco, Nancy Lindblad, Tom Hucker, Larry Yanca, Ronny Holstrom, Ken Stankus and Paul Kaletch.

## Mrs. Eva Martin Of Millburn Dies; Of Pioneer Family

MILLBURN—Funeral services for Mrs. Eva I. Martin, 82, granddaughter and daughter of pioneer Lake county residents, were held Saturday afternoon at Strang funeral home, Antioch.

Rev. L. H. Messersmith of the Millburn Congregational church officiated and interment was in the Millburn cemetery.

A native of Hickory Corners near Millburn, Mrs. Martin died early last Thursday at a Waukegan hospital after a lingering illness.

She was born on May 22, 1877 on a farm north of route 173 and U. S. highway 45 which her grandparents, John and Mary Kennedy had

homesteaded. The former Eva Kennedy left the farm in 1908 upon her marriage.

She was wed on October 22 of that year to Edward A. Martin of Millburn who operated a general store there for 73 years before going out of business just last year.

She received her musical education at Valparaiso university in Indiana and her nurse's training at the German-American hospital, Chicago.

Survivors include her husband,

Edward A.; a son, Dr. Richard P. Martin on the staff of Western Military Academy, Alton, and a sister, Mrs. Florence Linn of Los Angeles.

### Ivy Cancer Club Hears Of Drug To Stop Disease

By Mrs. Bernice Bernau

LAKE VILLA — The Ivy Cancer league no. 15 meeting held at the Lake Villa school Friday, May 20, attracted a large group of people. The session got off to a late start due to Mrs. Zelma Lee Ross, secretary of the Ivy Cancer Research foundation, arriving about 9 p. m.

John L. Filichia of Chicago told about his son, Tommy, now 30 years old, who was told two years ago by several doctors that his son had only three months to live.

After reading how krebiozen had helped other people, Filichia asked his doctor to try it on Tommy.

After taking krebiozen for two weeks Tommy proceeded to eat and gain weight. But shortly after that he was right back where he was before.

Not understanding why, Filichia checked with the Research foundation and found out it wasn't sending the doctor any krebiozen because he hadn't requested it.

The foundation thought Tommy had died.

Tommy now weighs 210 lbs. Two years ago he weighed 135. He is still getting treatment, but a less dosage and less frequently. Tommy had cancer of the glands.

Mrs. Ross answered questions and told that krebiozen is administered the same way to all patients, by injection. The amount differs on the place that is cancerous.

It is not a narcotic, but it will stop pain and stop growth. There is a doctor in this vicinity who will administer it if necessary. Walter Reed Army hospital used the drug with good results. Labor unions are backing Doctor Ivy, she said.

### Brownie Troop 60 Plans Dinner, Flying-Up Rites

By Mrs. Bernice Bernau

LINDENHURST — Brownie troop no. 60 of Lindenhurst will conclude the 1959-60 season with a farewell dinner and flying-up ceremony at the Rustic Manor in Gurnee at 8 p. m. June 7.

The girls have enjoyed a wonderful season making and doing things but will be happy for the summer fun ahead.

They thanked all parents and their sponsors, the Ladies auxiliary of the Lindenhurst Men's club, who were "so helpful and generous throughout the year."

Because of the already too large troop (28 girls) and too small facilities (the village hall), the troop will not be able to accept any new Brownies for the 1960-61 season coming up.

If there is anyone in Lindenhurst who would be willing to become a leader or co-leader, contact Mrs. Babe Standiford of Fairfield road, co-leader, at Elliot 6-7462, or leader, Mrs. Helen Page of Valley drive, at Elliot 6-5469.

### Judith A. Dix, Richard Vande Sande Married at Salem Methodist Church

SALEM, Wis.—The Salem Methodist church was the scene Saturday afternoon, May 21, of the wedding of Miss Judith Dix of Salem and Richard A. Vande Sande of Green Bay, Wis.

Rev. Carroll Usher, pastor of the church, officiated at the double ring ceremony.

The bride is a daughter of Mrs. Lester Dix of Salem. The bridegroom is a son of Mrs. Walter C. Vande Sande of Green Bay.

Given away by an uncle, Stanley Stoxen of Bassett, Wis., the bride appeared in an off white dupioni silk floor length gown. The long fitted bodice was styled with a scoop neckline and three-quarter length sleeves.

Appliques of Alencon lace accented the bouffant skirt. Her illusion veil was gathered to a pearl crown. Cascade bouquet of white orchid, stephanotis and lily-of-the-valley comprised her flowers.

Mrs. Robert Kruzan, a cousin of the bride, was matron of honor, wearing a cocktail length blue embroidered organza sheath dress, accented with a detachable organza skirt.

She wore a matching petal hat with a circular veil and her flowers were pastel daisies.

Miss Dixie Lee Dix of Salem, a cousin of the bride, was bridesmaid. Her gown and flowers were the same as that of Mrs. Kruzan.

Best man was Walter Vande Sande, Jr., of Green Bay, a brother of the bridegroom. William Dee Campbell of Green Bay, Jackie Nogel of Green Bay and Konrad

Konsitzke of Hales Corners were ushers.

The bride is a graduate of Bellin Memorial Hospital School of Nursing and her husband is a graduate of Lake Carrier's Engineering School of Cleveland, Ohio.

After a honeymoon trip to northern Illinois, they will be at home at 118 S. Van Buren, Green Bay, on May 30, 1960.

### Mr. and Mrs. Huebner Honored At Party

A surprise party marked the 25th wedding anniversary of Mary and Bill Huebner (B and M Pizzeria) held at the Huebner home on route 173 east of Antioch Sunday afternoon.

Those present presented the couple with several gifts, including a centerpiece of silver dollars and silver leaves.

## Antioch and L.V. Included in Plan

Antioch and Lake Villa would be among the communities in western Lake county that would be part of a 10-year construction program that eventually would meet water needs of inland Lake county water district for distributing Lake Michigan water throughout the district. The district does not include lakefront cities and military reservations.

Lake Villa would be included in phase 4 of the six phase program, along with Grayslake and Round Lake. This phase also would include necessary expansion into Lake Villa, Avon and Warren townships. Estimated cost \$3,500,000.

Phase 5 would include extension of water mains of the district into Antioch and Fox Lake at an estimated cost of \$4,210,000.

The Fox river and the Chain O' Lakes were listed by an engineering firm studying the matter as secondary sources of supply.

First phase of the project which would start next year, would cover Libertyville township with the biggest users expected to be Mundelein and Libertyville. Estimated cost of this is \$4,340,000.

### License Suspended

SPRINGFIELD—The driver's license of Earl I. Hogan of route 4, box 178, Antioch, was among those suspended recently by the drivers' license division of the Illinois secretary of state's office.

## SAFETY HINTS from the Red Cross

## Judith Keulman Named For High Scholarship

SPRINGFIELD—Judith Keulman of box 332, Antioch, is among 923 additional Illinois state scholarship winners announced this week to be used as tuition payment and fees at public or private colleges or universities in this state.

Substantial funds were available to appoint additional winners to those announced in March as some March winners have elected to accept other awards or to attend out-of-state colleges.

Several other ATHS students received similar scholarships in the list announced in March.

## Library Adds More Books

The National Geographic society is famous for the timeless illustrations and text of its unique magazine.

The society has also published valuable materials in book form, and the Antioch Township library recently received two of these books as a memorial for Fred May.

"America's Wonderlands" describes in pictures and text the incredible beauty and variety of America's national parks.

If the open road is beckoning, this book also tells how to get there, what to see, what to bring, and where to stay.

"The National Geographic Book of Fishes" describes and pictures 236 species of marine life ranging from microscopic plankton to 3,000 pound manta ray.

The color reproductions make this a valuable book for this area where fishing is so very popular.

"Designs for Outdoor Living," by John Burton Brimer, will be very useful to the homeowner who wishes to add to the livability of his garden.

Methods of building trellises, fences, planters, and pools from the simple to the elaborate, are described in detail.

"Designs for Outdoor Living" was also given in memory of Fred May.

Arthur H. Carhart has a deep interest in the preservation of America's natural resources. In his new book, "The National Forests," he takes the reader on a guided tour of the 180 million acres that is maintained by the U. S. Forest Service.

"The National Forests," given in Memory of Art Lubkeman, describes the many aspects of the U. S. forestry, fire control, wildlife protection, soil conservation and recreational activities.

The stories of Charles Perrault and other French storytellers have been translated by Virginia Haviland and published as "Favorite Fairy Tales Told in France."

In the book are such old favorites as "Puss in Boots" and "Beauty and the Beast." "Favorite Fairy Tales Told in France" is one of the collections of books given in memory of Gary Cunningham.

## Polio Shots For Young And Old Being Urged

Poliomyelitis strikes at all age level, but it strikes hardest at the very young.

That is why the parents of infants and pre-school children are urged by the Lake County health department to see their family doctor now to arrange for polio immunization.

In 1959 more than 5000 cases of polio were reported throughout the country. This was a 50 per cent increase over the number of cases seen in 1958, and double the number reported in 1957.

Although the health department stresses the need for immunization of small children, every one, including adults up to 50 years of age, should receive 3 doses of polio vaccine with an annual booster dose thereafter.

Physicians report that adequate supplies of polio vaccine are now available.

## Rep. Murphy to Speak At Panel Discussion

Appearing on the panel will be two Democrats, U. S. Senator Paul Douglas and Waukegan Mayor Robert Sabonjian and two Republicans, state representative William Murphy and Joseph Welch, chairman of the Lake county board of supervisors.

## Recovery Divers Offer Services

Representatives of the Waukegan Diving club and the Lake county skin divers have informed Sheriff Norris Froelich the two organizations had merged and will be known as the Lake Region Recovery Divers. They have offered their services to aid in recovering drowned persons and also evidence which may be thrown into various bodies of water.

They will have approximately 24 special trained men to conduct a correct and coordinated search plan under water.

These men are dedicated men who do this work on their own time and at no cost to anyone.

If the services of this group are needed, call the Lake county sheriff's office (MAJestic 3-1855) who in turn will contact the Lake Region Recovery Divers.

## And Once Again The Mighty 'Fall' As Bowling Foes Try Their 'Luck'

By Mrs. Pearl Kapell

Tuesday night, May 17, our worthy editor repaired to the alley—bowling, that is—to take a picture of the team which was the pride and glory of the Monday Nite Owl League—Peterson's TV.

Winners of the trophy for first place in this league by ten games, this proud team, in the full flush of confidence, challenged Ted's TV, winners of first place in the Wednesday night league to a match game.

The team posed for its picture before the match game, modestly but confidently smiling for the camera.

It's a good thing Antioch News Editor-Photographer Henry Green took the picture before the match. We fear it will take some time to restore that look of proud confidence to the faces of our boys.

The team lost the match by some 200 pins. It appeared at times that the various members of the team must have bet their money on the other team, or were vying with each other for low score.

If low scores were the object of the game, their success was a credit to the team.

We've heard some talk that this team was too good for the Monday night league.

Jack Sampayo has offered to try to make room for them in the Tuesday night ladies league, if the ladies can be persuaded that the team will improve sufficiently to give them competition.

However, there is some doubt that they'll be accepted.

Members of the defeated team are Chuck (What a bomb!) Moran, Pete (what happened, guys?) Petersen, Hank (Dig that crazy curve!) Kapell, Howard (I thought it was golf) Shepard and Marv (Cha-cha-cha) Lefco.

## Ken Truelson Sets Marks

GURNEE—Antioch high's trackmen may have finished but third in the Northwest Suburban conference meet at Warren high's field but one of the Sequoits broke two meet records and also placed first in another event.

Ken Truelson, Antioch high's prize runner, covered the 180-yard low hurdles in 20.2s to break an old mark of 21s flat set by Dave Grandt of Grayslake in 1958.

The Sequoit also topped the 220-yard dash record with a time of 22.7s as compared to the previous time of 22.8s set by Don Reinhofer of Round Lake in 1958.

Truelson was first also in the 100-yard dash with a time of 10.4s. Other Antioch high youths finishing among the first five in each event and the events entered were:

High hurdles—Elliott, 5th; 880—Hunsaker, 4th; 880 relay—Antioch 5th; mile relay—Antioch 4th; shot put—Merryman 3rd; and Rosquist 4th; high jump—Alshouse tied for 2-3-4; discus—Rosquist 2nd; pole vault—Rosquist 1st and White tied for 5th. Height 10' 9".

Team standings placed Grayslake first with 59½ points, Lake Forest second with 44½, Antioch third with 40½ and Grant 4th with 21.

## Baseball Team To Play Pair

Antioch high's baseball team will conclude its 1960 season by meeting Wauconda at 4:15 at Wauconda Friday afternoon and playing at Round Lake at 9:30 Saturday morning.

The Sequoits were scheduled to meet Grant at Antioch this week Wednesday afternoon.

Recent games saw the local youths drop a regional tournament game at Waukegan last week Wednesday 11-1, lose to Warren here last Friday 4-0, on the short end of the score against Ela-Vernon here Monday 7-6 and lose to Grayslake here Tuesday 10-0.

As of Tuesday night the Sequoits had won 4 and lost 8 during the overall season, including a 2 and 4 record in Northwest Suburban conference games.

## Boat Registration Act Is Being Enforced Now

Provisions of the Illinois boat registration and safety act are now in effect, and Director Glen D. Palmer of the Department of Conservation warned this week that the law will be strictly enforced.

Every boat in use in Illinois must have the number assigned to it properly displayed, or the owner must have proof in his possession that application for a boat license has been made to the department.

## Softball Year Opened Here

Fox Lake Merchants defeated Sterbenz Garage and Golfview Motel downed Thom-Eric in opening softball season games at the field north of Antioch Tuesday evening. Scores were not available Wednesday noon.

This week Wednesday night Joe's Tap was scheduled to play the John Rhystack team with State Farm Insurance of Antioch drawing a bye. Thursday night of this week it will be Pat's Lounge vs. Jim's Service at 7:30 and starting about 8:45 Thom-Eric will meet Fox Lake Merchants.

Sterbenz Garage is down for playing the opener Friday evening against Golfview. It will be the only Lake Keno league game that night.

Tuesday evening of next week Golfview Motel will meet State Farm Insurance in the 7:30 opener, followed by John Rhystack team vs. Pat's Lounge about 8:45.

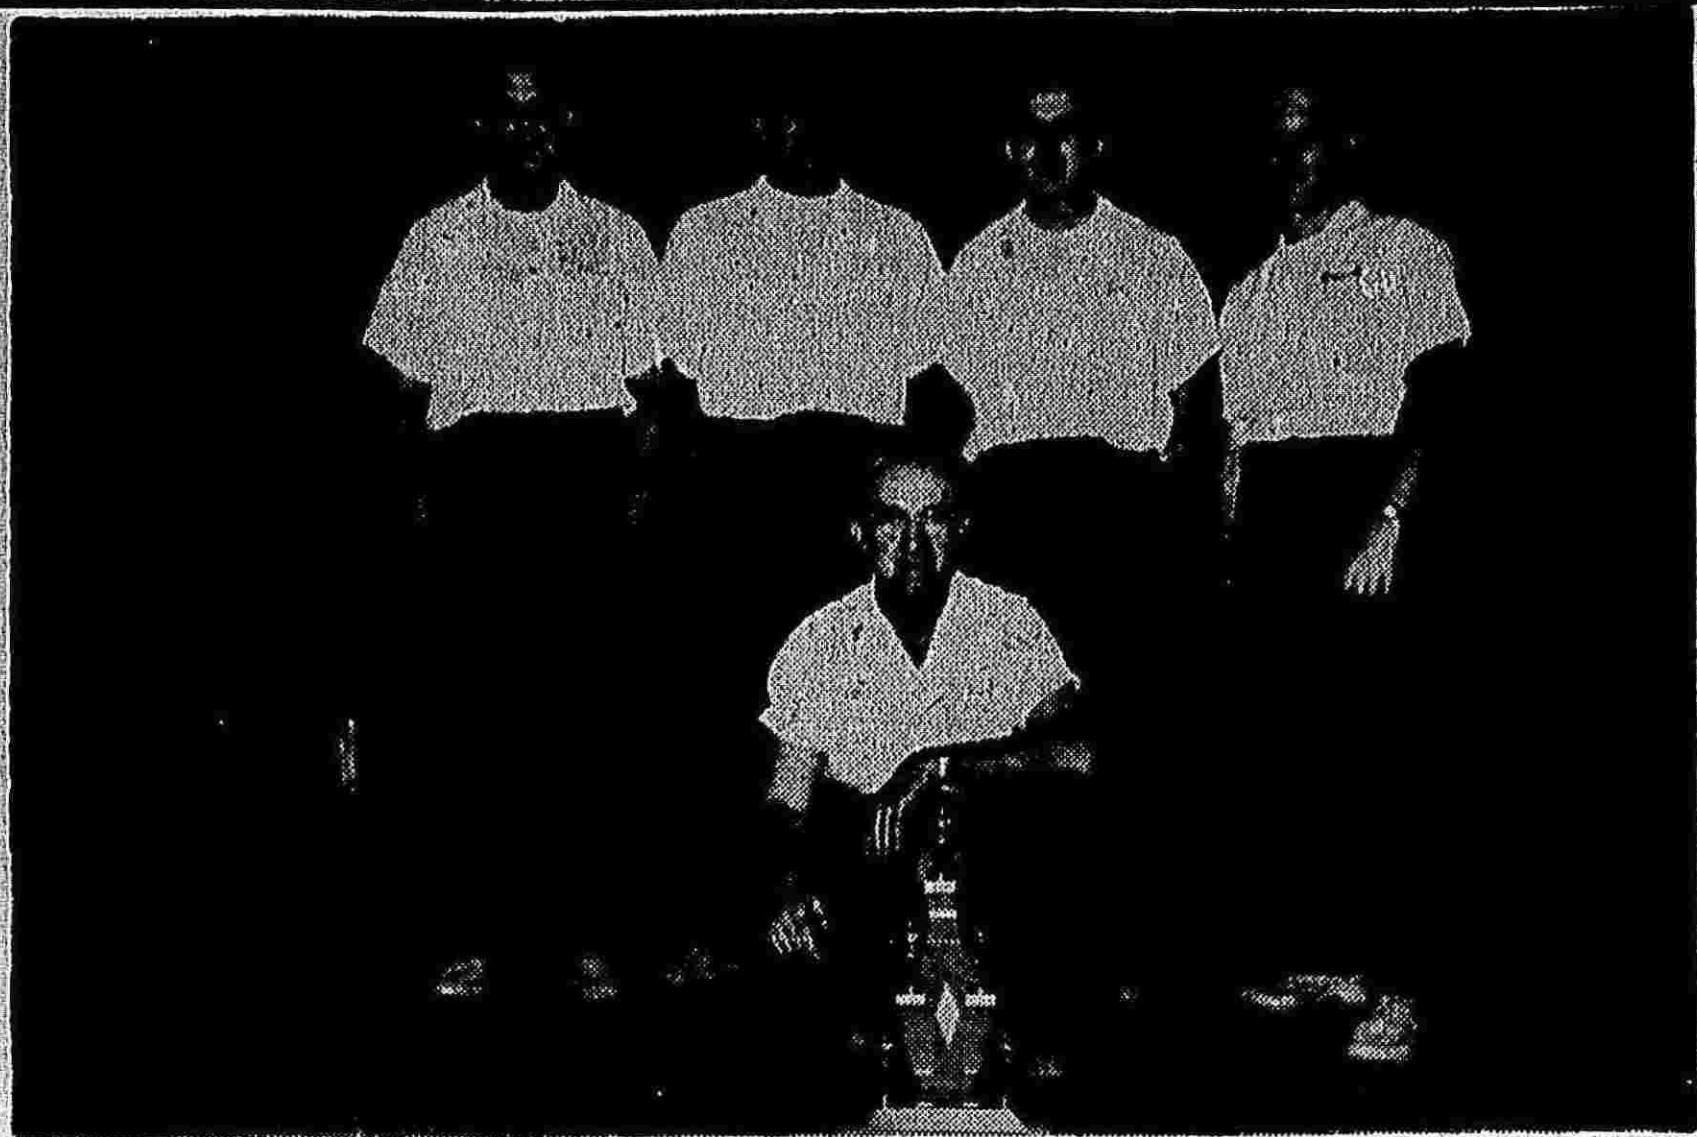

The game next week Wednesday will see Jim's Service meeting Fox Lake Merchants at 7:30 and Sterbenz Garage will draw a bye.

## Jesse, Bruski Leaders At Scouting Conference

Harry Jesse and James Bruski, both of Antioch, were among those from North Shore council, Boy Scouts of America, who were leaders in a training conference on outdoor skills at Camp Thunderbird, Wis.

This meeting took place the weekend of May 13-14-15 with 55 volunteer leaders of the council in attendance.

The "Buckskin Training" program as it is called is part of a series of training experiences offered all Boy Scout leaders. These leaders are awarded the Scouters' Key after completing the series and serving as leaders for 3 years.

PETERSON'S TV team, champions of the Monday Night Owl Bowling League are shown proudly presenting the trophy won during the 1959-60 season at the Antioch Bowl's lanes. Shown are, standing, from left Marv Lefco, Chuck Moran, Harold Petersen and Howard Shepard. Kneeling in back of the trophy is Henry Kapell. (Antioch News photo)

## Waukegan Track Racing Thrills

A large crowd of 2,500 enthusiastic fans saw little Jack Frost of Zion capture the 25 lap feature for modified stocks at the Waukegan Speedway Sunday night.

Frost won the thriller after taking the lead on the sixth lap from Gordon Gorman of Libertyville, and then refusing to give it up.

He fought two hot competitors throughout the distance, the first being ace Racine driver, "Uncle" Milt Curcio who provided the thrills during the eighth to the eighteenth lap.

## COURTHOUSE NOTEBOOK—

By Lou Durkin

### Lake Forest Preserve Shadowy Reality

Despite a five year sabbatical from roving the Lake county courthouse it has been surprisingly easy to catch up with developments on the political and government front "up on the Hill."

This is due in large part to the current discussion of ever present problems that existed five years ago, 10 years ago, and even longer.

These problems of courthouse space, zoning and planning, water and sewer systems for the western part of the county, flooding and drainage are as omnipresent as the legendary 22nd St. grade separation in North Chicago.

The Lake County Forest Preserve district, which is a shadowy reality today was a subject of discussion in earlier tours of the courthouse, but at that time it was only a dream or conversation piece for those who wanted to preserve some natural beauty spots in Lake county for future generations.

Among the early exponents of a Forest Preserve district for Lake county was Attorney Robert Tiekens, now the U. S. district attorney for Northern Illinois.

Tiekens envisioned a district that would preserve the natural beauty of the Desplaines river area with a series of small dams that would provide lagoons and a more imposing river.

The dream included flood and drainage control and rigid enforcement of laws regarding the dumping of raw sewage into the river.

The district has been established and while it still has no property to call its own there is high hope that in the near future there will be a forest preserve district in fact.

Waukegan Supervisor August Cepon and his courthouse commission are taking up where earlier exponents of the so-called Peoria courthouse plan left off several years ago.

The crowded conditions in the courthouse at that time were a source of concern for those who believed that a well-planned, spacious courthouse would add to the efficiency of the county offices and be a source of pride for the residents of the county, and they cast about for some economical means of eliminating the conditions.

Down in Peoria they had hit on the idea of utilizing the airspace above the courthouse square for the county offices and renting out the ground level building space to private concerns.

County officials studied the possibility of adapting the Peoria plan to Lake county, but it didn't get far.

Now Cepon and his commission are working on the idea of renting space in a new building to county departments which operate on a fee basis and other governmental units.

The rent revenue would be used to retire the bonds and thus there would be no direct taxes involved.

Of course the rent paid by the county departments would come from fees earned by these offices which are now turned over to the county general fund and this money would have to be replaced somehow.

Credit State Representative W. J. Murphy of Antioch with an assist in the recently announced plans of the state highway department to resurface Route 173 west of the north end of the Illinois Tollway.

Rep. Murphy called the battered condition of the highway to the attention of Gov. William G. Stratton pointing out that the tollway brings thousands of visitors into the Chain O'Lakes region and then dumps them onto a battered, rutted highway.

Gov. Stratton assured Murphy he would look into the matter and a week later the highway department announced its decision.

## BOWLING

Several interested parties have been calling to ask how the Lindenhurst league ended up. Here are the final standings as of May 6:

|                        | W                 | L     |

| 2—Joe's Tap            | 56                | 49    |
| 3—Engle Realty         | 55                | 50    |
| 4—Saddle Inn           | 54½               | 50½   |
| 5—Reliable Meats       | 49                | 56    |
| 6—Bertrand's Sportshop | 48                | 57    |
| 7—Thor's Shell Station | 46                | 59    |
| 8—Wolff's Resort       | 99,154 total pins | 48 59 |
|                        | 99,119 total pins |       |

The bowling league banquet was held May 21, at Sabatini's in Long Lake.

## McHenry Lock Opening Ceremony Is Scheduled

Governor William G. Stratton will head a caravan of boats up the Fox river from Algonquin to McHenry, where he will dedicate the McHenry lock Sunday, May 29, and pilot the first boat into the Chain O' Lakes.

The dedication program will begin at 3:30 p.m. at Algonquin.

The lock will free an additional 17 miles of Fox river for boat travel and is part of a long range plan to make the river available to small boats from Ottawa to the Wisconsin border.

## Marvin Raczek Listed On Champ Bowl Team

Marvin Raczek of Venetian Village was on the championship team known as the Can Opener squad of the BVI (Burgess Vibrocrafters, Inc.) Bowling league which received a trophy recently at its annual Profit Sharing dinner.

The team won 69 games and lost only 27 during the 1959-60 season.

Outgoing officers of the league included Betty Beach of Fox Lake Hills, treasurer.
